

A Day of Training and Networking

Fair Housing /Application Process

Protect your Assets & Increase your Occupancy

Lisa Marvin is coming back to Bemidji to offer training to all who own and/or manage Multi-Family Housing. She has 22 years of experience, and is CEO of Essence Property Management in St. Cloud. She is a very popular instructor and leader at MN Multi-Family Housing Assoc. (MHA). You asked to have her back!

Fair Housing and Reasonable Accommodation: These are critical laws that require continued education for everyone working with Multi-Family Housing. Lisa will review the changing regulations including “Desperate Impact”. Learn how to communicate fairly with every applicant, and how to protect your property.

Best Practice for Screening Applications: Increase your occupancy by improving your process for qualifying, accepting and denying applicants with well written Selection Criteria and grievance procedures.

Tuesday, March 19, 2019 9:00 - 1:30
