Request for Proposals – Grants – Communities Thrive Program

The Communities Thrive Program was designed by Northwest Minnesota Foundation in response to the brain gain trend of people in their late-20's and 30's moving back to rural areas. Research has found that people seek a simpler life, safety and security, affordable housing, outdoor recreation, and for those with children, a quality school. We also know that talent is the main driver of regional economic development and that quality of place is the essential ingredient in attracting and retaining a talented workforce. The Communities Thrive Program advisors chose Warroad and Halstad through a competitive process, and will work with them over the next two years to integrate grants, loans, and staff time to make their communities more vibrant.

Eligible Applicants
The Northwest Minnesota Foundation is accepting grant proposals from eligible 501c3 nonprofit organizations and public agencies (city, school district, county, township, higher education, et al.) serving the Warroad community through its Communities Thrive Program. The program is meant to support quality of life amenities that benefit residents living and working in the Warroad community.

Priority Areas for Warroad
Proposals must serve the Warroad community, generally defined by the Warroad School District geography, and must serve one or more of the following priorities:

- Community Beautification and Presentation
  - Projects should improve the look and feel or overall community experience
- Arts, Culture, and Heritage
  - Projects should showcase unique local talents, landmarks, and history
- Lifestyle and Healthy Living
  - Projects may focus on diet, exercise, access, education, events, facilities, etc.
- Strengthening the Entrepreneurial Ecosystem
  - Projects may support business growth and retention, start-ups, technology, learning opportunities, etc.
- Outdoor Recreation
  - Projects should focus on waterways, trails, parks, wayfinding maps and signage, events, planning, and similar efforts.
Proposals that identify a public need and the public benefit of grant funding will be considered as prioritized by the community, versus grants to benefit only a single organization. Collaborative efforts, youth-led projects, and advancing diversity, equity, and inclusion initiatives are also highly valued within the priorities listed above. Final grant approvals will be determined by Northwest Minnesota Foundation’s board of directors.

**Eligible Expenses**
Grants may fund new or existing programs, projects, studies, planning, collaborative work, capital projects, equipment, training, new or expanded staff, community engagement efforts, events, and other similar activities. Grants are meant to make a long term impact in the community.

**Ineligible Expenses**
Grants cannot fund political activities, religious propagation, discriminatory practices, past operating debts, legal fees, or similar activities.

**Funding Available**
Grant funding of $50,000 is available this round, with an average grant award of $15,000. A second round of funding will open in the fall of 2019.

**Timeline**
Submit proposal for funding by **May 31, 2019** using the steps below:

1. **Step 1.** Complete a brief organization and project summary using the link provided here: [https://www.nwmf.org/programs/preproposal](https://www.nwmf.org/programs/preproposal)
2. **Step 2.** Complete a full grant application, which can be downloaded here: [https://www.nwmf.org/nmf-grant-application/](https://www.nwmf.org/nmf-grant-application/)
3. **Step 3.** Email the completed grant application to Nate Dorr at nated@nwmf.org
