
Awarded projects will have a long-lasting impact for students, friends, and neighbors in the community and surrounding region and fulfill the mission to build better quality of life for the people who live here.

Some of the projects awarded include library books, oxygen meters, trap club supplies, artist in residence, Kidpreneuer curriculum and materials, public concerts, trailhead projects, government island support, playground equipment, and keyboards.

“Warroad is a giving community”, said Brenda Baumann, Chair of the local advisory committee. “Because of generous donors of the past, the Warroad Area Community Fund advisory committee can grant dollars from these endowments to enable more programs to benefit the Warroad area. And for that, we are grateful.”

The next grant round will be held in Spring 2023. Announcements will be made to invite grantees to submit their projects.

Grants are made possible through generous donations of Warroad residents, businesses, and friends who desire to give back to our community. To learn more about the funds and how you can contribute, visit www.nwmf.org/ways-to-give/funds-by-county/ and select Roseau County.

NMF believes Northwest Minnesota offers boundless opportunities. Our strength is connecting people, places, and possibilities.
